Office Hours: Monday- Friday

9am-4pm

Game Room is a fun place to engage residents in a supervised and safe way. Here residents can de-stress with table games, puzzles etc and develop team building skills.

BIG HEARTS LLC

Giving Kind and Generous Care

10426 West Pima Street
Tolleson, AZ 85353

Every challenge is a gift, without your challenge we would not grow.

Need help? We'd love to support!

Men, women and couples 18 years old and over with serious mental illness (SMI) who may have a history of substance abuse are welcome in the facility to receive services based upon their individual needs and treatment plan.

.....
We strive to help our residents become the best versions of themselves in a caring environment. Residents are guided towards independence and personal responsibility through a variety of services from consulting to behavioral health care.

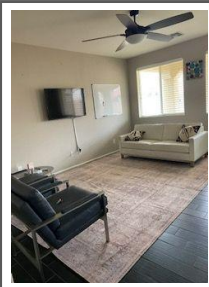

.....
Counseling includes evidence-based treatment, group and individual counseling, Anger Management, improving self-esteem, communicating effectively, life skill development, creating healthy boundaries and Domestic Violence group options. This is provided in the house throughout the week by licensed professionals. Our full-time 12-Step meetings at least 6 days a week.

.....**TREATMENT PROVISION**

We address resident's mental health needs, and their co-occurring physical and substance abuse needs by Carrying out individual treatment plans prescribed by medical professionals to target the unique mental, social and physical needs of residents. We have trained Behavioral Health Technicians and Paraprofessionals, dieticians, nurse (RN) and therapists offering their services as needed.

Relaxation Room is peaceful & quiet providing sanctuary from stress Residents may choose to read, work on computers or listen to quiet music with plugs for calm within acceptable boundaries.

Family Room for family & guests to gather for group recreation/family activities.

Mission Statement

.....
To provide a structured residential placement in a safe clean-living environment that ensures residents recovery for eventual re-integration into society as constructive and responsible citizens.

.....
Our goal is to ensure residents have a safe and supportive environment for activities of daily living. Our experienced staff recognize crisis situations and provide appropriate interventions/de-escalation. We monitor, record observations, report on each resident's progress and concerns.
